

Project 612

Do you ever think about how much food is wasted every day in this country? And do you imagine how it could be saved and redistributed to help the hungry in our communities? Well, if you have, then you'd probably love to volunteer for Project 612, which salvages unopened containers of food from our local school-lunch programs and donates them to area food pantries!

For most schools in Edwardsville District 7, drivers are scheduled twice a week to pick up unopened items **which would otherwise be thrown away**, and deliver them to area food pantries. Schools have designated refrigerators & bins for the food, and kids are informed that the items they don't want, may be a great blessing to others!

Our inspiration comes from John 6:12—"Gather the pieces that are left over. Let nothing be wasted."

How Can You Help?

- GET ON OUR MAILING LIST so that you can be notified QUICKLY of upcoming collection dates

to Volunteer...

- Contact Connie Gordon,
cmgordon744@gmail.com or
618-567-7141
- Check our facebook page,
[facebook.com/Project 612](https://www.facebook.com/Project612)
to learn more and receive
updates of upcoming
collections.

Thank you!
